

# Alameda County District 1

Livermore Civic Center Library, August 4, 2014

## Vision

- Access to affordable: quality healthcare, quality housing, and locally grown produce
- Good air quality
- Integrated service system

## Issues

- Housing is too expensive
- Not enough access to healthcare services (dental, medical, vision)
- Inequitable education system
- Pressure to perform [in school]- stigma of not succeeding

Data about  
Health and  
Social  
Conditions

## Priorities

- Access to health care – Integrative and local (mental, physical, preventative and emergency)
- Parenting education and tools for supporting child development
- Integrative, person-centered services
- Investing in staffing and resources for current services
- Equity in access to sports and recreation for all youth

Data about  
Health and  
Social  
Conditions

## Strengths

- Current programs within schools have excellent staff
- Strong collaboration between city and schools
- Strong volunteer base across the district
- Las Positas College collaboration with Livermore School District
- First Annual Tri-Valley Health Fair
- Community-based education in Pleasanton
- Vibrant downtown areas

- AXIS Community Center; Horizons Family Counseling, Tri-Valley Haven; Project Road Runner Maryland; California Immunization Registry (CAIR); Valley Care Health System; Parks and Recreation Department; Arts & Culture
- Good business base that support services
- Science laboratories provide community services, scholarships, and education
