CHILD CARE COMMUNITY IMMUNITY HOPEFULS

The Alameda County Public Health Department challenges the following child care sites to improve their 2016-17 immunization rates of **80-89%** in the upcoming school year. These sites could benefit from better protection against dangerous diseases, more organized systems for data collection and tracking, and a better understanding of immunization policies and procedures, including adherence to “No Shots? No Records? No Child Care.”

This means that it was the choice of the parent and not the organizational practices at the child care site that prevented the site from making it into the Community Immunity Honor Society or Honorable Mention.

NON-IMMUNE CHILD CARE COMMUNITIES

The Alameda County Public Health Department has identified the following child care sites with 2016-17 immunization rates below **80%** as highly vulnerable to dangerous diseases. These sites need additional assistance to establish or enhance organizational methods for immunization record keeping, improved training and support for staff, and stricter adherence to “No Shots? No Records? No Child Care.” policies.
