# COMMUNITY IMMUNITY HOPEFULS

The Alameda County Public Health Department challenges the following schools to improve their 2017-18 kindergarten immunization rates of **80-89%** in the upcoming school year. These schools could benefit from better protection against dangerous diseases, more organized systems for data collection and tracking, and a better understanding of immunization policies and procedures, including adherence to “No shots? No records? No school.” policies.

# NON-IMMUNE SCHOOL COMMUNITIES

The Alameda County Public Health Department has identified the following schools with 2017-18 kindergarten immunization rates of below **80%** as highly vulnerable to dangerous diseases. These schools need additional assistance to establish or enhance organizational methods for immunization record keeping, improved training and support for school staff, and stricter adherence to “No shots? No records? No school.” policy.

<b>OAKLAND</b>	
BROOKFIELD ELEMENTARY	79.3
THE PEAR TREE COMMUNITY SCHOOL	66.7
<b>UNION CITY</b>	
CONNECTING WATERS CHARTER-EAST BAY	43.8

# SCHOOLS THAT DID NOT REPORT

All Alameda County schools are mandated to report the immunization status of their kindergarteners in accordance with California law and are given considerable amounts of time to report their immunization rates. These schools, however, never submitted their immunization reports, thus their immunization rates are unknown and they are considered delinquent reporters. Alameda County wants to work with schools such as these to ensure that they report in the future.
