

Order No. 20-14a – Appendix C: Additional Businesses & Activities Permitted

[Revised June 18, 2020]

General Requirements

The “Additional Businesses” listed below may begin operating, subject to the requirements set forth in the Health Officer Order no. 20-14a (the “Order”) and to any additional requirements set forth below or in separate industry-specific guidance by the Health Officer. These businesses were selected to implement a measured expansion of commercial activity based on health-related considerations including the risks of COVID-19 transmission associated with types and modes of business operations, the ability to substantially mitigate transmission risks associated with the operations, and related factors, such as the following:

- **Increase in mobility and volume of activity**—the overall impact the reopening will have on the number of people leaving their homes and traveling to work at or access the business;
- **Contact intensity**—the type (close or distant) and duration (brief or prolonged) of the contact involved in the business;
- **Number of contacts**—the approximate number of people that will be in the setting at the same time;
- **Modification potential**—the degree to which mitigation measures can decrease the risk of transmission.

To mitigate the risk of transmission to the greatest extent possible, before resuming operations, each Additional Business must:

Prepare, post, implement, and distribute to their Personnel a written Site-Specific Protection Plan as specified in Section 15.h of the Order and set forth in Appendix A, and required by the State of California outlined in its [guidance](#) that addresses all applicable best practices set forth in relevant Health Officer directives, including how it will comply with all applicable Statewide guidance issued by the State of California, which is hereby incorporated by reference and should be treated as if issued by the Health Officer.

As used in this Appendix C-1, “Personnel” means the following people who provide goods or services associated with the Additional Business in the County: employees; contractors and sub-contractors (such as those who sell goods or perform services onsite or who deliver goods for the business); independent contractors (such as “gig workers” who perform work via the Additional Business’s app or other online interface); vendors who are permitted to sell goods onsite; volunteers; and other individuals who regularly provide services onsite at the request of the Additional Business.

Each Additional Business must comply with Social Distancing Requirements as well as all relevant [state guidance](#) and local directives. Where a conflict exists between the state guidance and local public health directives related to the COVID-19 pandemic, the most restrictive provision controls.
